Today, the biggest problem that new website owners have is: "How they can get traffic to their website?" Significant amount of time and energy is spent today on this single task. You or your webmaster needs to commonly focus on:

- Get ranked well on the most important search engines (Google, Yahoo, Msn, Ask.com, etc.)
- Pay Per Click (PPC) programs
- Cost Per Click (CPC) programs
- Link Exchanges
- Directory Submissions
- And more&hellip;
